ALCANTARA GORGES SHUTTLE TOUR

Guided tour, with small electric buses inside the natural path of the Park passing through the Saja trail to get to the "Cava" (lava rock wall). Continuing along the nature trail you can admire the entire part of the Gorges from above. The MOL (Museum of Land) to discover the Alcantara Gorges through the modern 4D multimedia room; lifts to reach the beach and tasting of typical products like DOP extravirgin olive oil, liquors, organic marmalades are included.

The itinerary is for all ages, comfortable shoes are recommended.

Alcantara Gorges Walking ticket is included.

CANYONING

The tour includes the visit of Botanical and Geological Park where you can discover the heart of the gorges, going up to the trails of the Gorges in groups with river rescuers, at the return you let yourself be carried away with your body by the river through lava rocks, rapids and water falls. Equipment: neoprene diving suits, boots, jackets, protective helmets and accessories.

Alcantara Gorges Walking ticket is included.

ALCANTARA GORGES WALKING

The route starts from the MOL (Museum of Land) where you can discover the Alcantara Gorges through the modern 4D multimedia room; than you can continue along the classic nature trail of the Alcantara Gorges Geological and Botanical Park (takes about 45 minutes), that allows you to admire the panoramic view of the Gorges from the top.

On the way back, with lifts, you will go down to the river to admire the Gorges from below. Return with lifts. During the tour we will offer you a small tasting of Terralcantara typical products like DOP extravirgin olive oil, liquors, organic marmalades. The itinerary is for all ages, comfortable shoes are recommended.

BODY RAFTING

The tour includes the visit of Botanical and Geological Park where you can discover the heart of the gorges, going up to the river upstream to admire and touch the beautiful basaltic columns with the assistance of river rescuers. At the return you let yourself be carried away with your body by the river through lava rocks, rapids and waterfalls. Equipment: neoprene diving suits, shoes, jackets and protective helmets. Return with lifts.

Alcantara Gorges Walking ticket is included.

GOLE ALCANTARA BASIC

The tour starts from the MOL (Museum of Land) to discover the Alcantara Gorges through the modern 4D multimedia room of the Alcantara Gorges Geological and Botanical Park, after you will go down with the lifts to the river's beach to admire the Gorges from below. Return with lifts.

During the tour we will offer you a small tasting of Terralcantara typical products, like DOP extravirgin olive oil, liquors, organic marmalades. The itinerary is for all ages, comfortable shoes are recommended.

RIVER TREKKING

The tour includes the visit of Botanical and Geological Park where you can discover the heart of the gorges. The tour starts in groups with river assistant.

With the supplied salopettes you can walk in the valley and than go up to the river through lava rocks and waterfalls until the entrance of the Gorges (approximately 100mt). Return back with lift.

Alcantara Gorges Walking ticket is included.

ALCANTARA GORGES BIKE TOUR

Recommended for sporty people, the visit of the Alcantara Gorges Geological and Botanical Park with bike. Included: trail of the Gorges, MOL (Museum of Land), where you can discover the Alcantara Gorges through the modern 4D multimedia room; lift to reach the beach. Return with lifts and tasting of Terralcantara typical products like DOP extravirgin olive oil, liquors and organic marmalades.
